WE ARE STRIVING FOR

Love

UNITY

Unity is the key to opening the door and it's up to us to manipulate that knowledge.

Loretta Braxton

Unity should be carried on, not just through the remaining years here at Washington, but throughout life.

Bobbi Chaney

It is you and I extending our help to motivate a greater extent of love and understanding throughout the entire student body.

Carol Grace

Although it is not one hundred percent, the combination of purpose, thought, and spirit is the unity that holds Washington together.

Donna Gilbrech

Unity at George Washington High School is just like love; it has its ups and downs. At times unity is almost completely missing except with people who are the best of friends.

Steve Lampert

Unity is disregarding each other's obvious differences by subtly ending the glory of one and emerging with the beauty of the other. . . . it is the willingness to work together to achieve a common goal. It is love that one feels for family, friends, and all living things. It is the bond between man and God, strong enough to outlast eternity itself.

Marilyn Murrell

The term unity means complete and total togetherness among people, with no regard to race, religion, or economic standing.

Wilma Talley

HAPPINESS . . .

ENJOYMENT

INVOLVEMENT

With the many activities that go on at Washington, the students always find time to be with their friends, especially at athletic events. This gives them a diversion from the usual school books, lectures, and homework.

At home games during half time the band, led by the drum major, performed with the pom pom girls and the majorettes. At some home games, the clowns performed also.

The girls ROTC drill team is another activity for girls. Throughout the year the girls participate in parades and competition with other schools.

Homecoming

Queen candidate, Senior Willie Carter and escort

The festivities began with a performance by the band and with the newly formed flag corps.

Halftime was the most exciting and colorful part of the festivities. It began with the releasing of helium filled balloons followed by the procession of class princes and princesses and King and Queen Candidates. Mr. Juhan crowned Terri Mervar, Queen and Herman Humbles, King. Fireworks added that special touch to a Continental Homecoming which amazed the young and old alike.

The Continental football team beat Wood, 46 - 16, the final touch to any Homecoming.

Below: The student body showed Mr. Shires they had the spirit.

King candidate, Roosevelt Winston, Sr

October 12, 1973

The "Continental" celebrated the greatest Homecoming by "burning" Wood.

The afternoon began with a pep session in the gym. The cheerleaders led the spirited affair while the Seniors presented a skit. Below we see Nancy Milliner, Pam Lucas, and Cindy Curry before the Continental Crowd. Mr. Shires then challenged all Continentals to a show of spirit. Mr. Shires lost as the Continentals lifted the roof with cries for victory. The Continentals were fired up once again.

Right: King Herman Humbles, and Queen Candidate, Debi Graves, Seniors.

Below Right: Queen Candidate Virrither Cooper, Senior, and escort.

Women In Sports

Debbie Quarles thrives in competition and putting herself to a task-100 percent. The summer found Debbie competing in the Scarborough Peace Games.

Soon after Debbie was chosen Jamboree queen, Mr. Springer explained the purpose and procedure.

Below, with Mayor Lugar, are many of the Washington Girls Track team who represented Indianapolis at the Peace Games in August. They are: Toni Payne, Debbie Quarles, Vanessa Tate, Kathy Gaddie, Janice Jones, and Paula Williams.

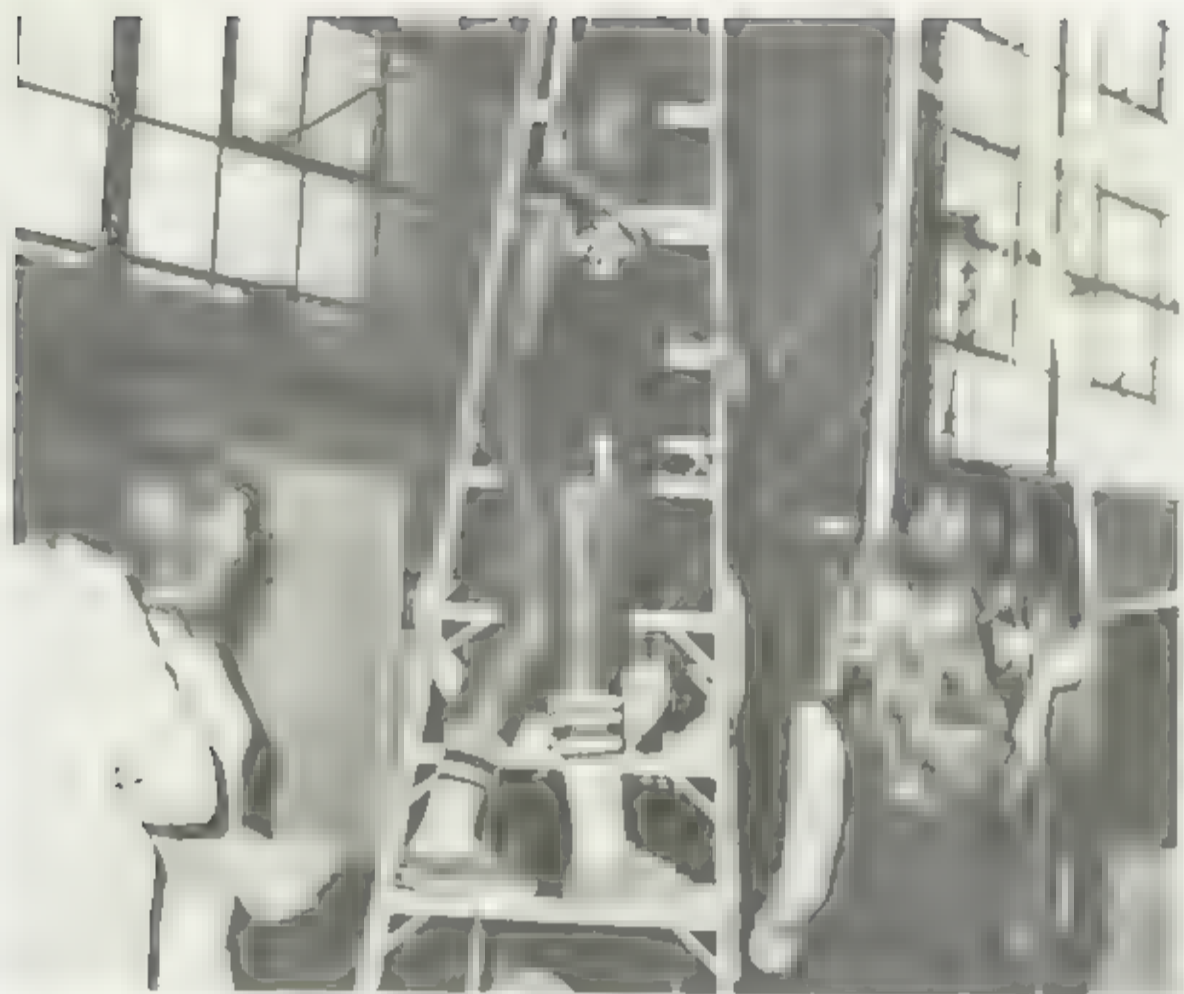

Fall Happenings

The beginning of school represents a variety of fall happenings. One of the biggest attended activities are football games, which would not be complete without cheerleaders such as Kimmy Benge.

Cross Country and girls volleyball are fall sports that receive little recognition, yet are exciting sports to those who follow the teams. Coaches are a very important part of the fall scene. As you will notice below Mr. Poehls talking with Mr. Springer, very confidentially.

Having your picture taken while you still have that rested, from over the summer look, is another part of the fall scene. Mr. Weidenbener may stop you for a pass, still no fall day would be complete without being able to go outside after one has finished their lunch.

Only Memories Remain

Graduation once again came to G.W.H.S. as the Seniors prepared for their Graduation Day

Preparation began almost as soon as school opened. Seniors choose announcements, were fitted for caps and gowns, and tied up loose ends.

June 5, 1974, brought to a close another senior graduating class leaving behind friends, good times, and memories.

Butler's Hilton U. Brown Theater provided the perfect setting for the 1974 Seniors to bid farewell to High School and welcome the beginning of a new era

CHEAPER BY THE DOZEN

Cheaper by the Dozen was a play about a Doctor and his wife who were the proud parents of 12 children.

Mr. Gilbreth, the father, was portrayed by James Goodwin, and the mother, Laura Lawson. The children were played by Nancy Marion, George Durr, Patty Tucker, John Bayles, Edward Matheny, Philip DeBeuler, Andre Bryant, Cindy Butler and James Brant.

Other characters were Delores Mockabee, Paul Sanders, Mike Larson, Cheryl Wilson, Forrest Durham.

Much work was put into the play. Students helped with the lighting, make up, publicity, costumes, sound and props. Mrs. Dorothy Lunsford directed the play.

INVOLVEMENT

The R.O.T.C. Drill Team placed third in the city in the Round Robin. This is a contest in which the members of the team match their skills in the use of a rifle. Washington was the only team that had girls on its Varsity team. The team lost 2 contest during the season

Throughout the year the teams attended banquets. Two main events of the year were the Military Ball and Federal Inspection. In the Federal Inspection the entire battalion and the equipment was inspected by a department of the Navy.

Sugent Riggles is the head of the department.

Homecoming successful; king and queen chosen

Washington's Homecoming was a very big success. On Friday, October 12, Wood was defeated by Washington's varsity, 16-46. The game was very well played, the varsity used strategy to their best advantage. They had to use Wood's players used very good defense in the first quarter. Homecoming at Washington High School was very different from the past. Instead of just there were cars that were decorated by the different clubs. The biggest event this year was the crowning of the Homecoming king and queen. There was also a prince and a princess chosen from each of the other classes representing the freshmen to the seniors. '77, were Curtis Sheely and

Darius Hardin. The sophomore class of '76 was represented by Jimmy Benge and Andy Carpenter. The junior class of '75 was represented by Debbie Seib and Earl Branson. Debbie's court was Steve Key. In the final running there were five queen candidates and five king candidates. The candidates for queen were Madory Bracey, Willie Carter, Virrither Cooper, Debbie Graves, and Teri Mervar. The candidates for king were Tony Allen, Sam Butler, Robert Hicks, Herman Humbles, and Roosevelt Winston. Teri Mervar and Herman Humbles were chosen to be the Homecoming king and queen for the

year of 1973. They were crowned by principal Cloyd Johnson. After the crowning, there were fireworks, and balloons. The homecoming ended with a bonfire after a big crowd assembled for the activity. Everyone at Washington High School hopes to have many more homecomings like this one.

George Washington High School had a visit from a sculptor from Nigeria. He was at Washington High on Friday, October 12, and visited with the majority of the school's art classes. Felix Eboigbe had lived in Nigeria most of his life. The times he was not there he was traveling from place to place throughout the country. Felix stated the difference between his country and ours is that "In my country you have three cities. All of different types: the primitive city, the western city, and the modern city. So if you are in a mood to do something different from what you usually do then you can go to any one of the other cities. But here, no matter how you

feel, or if you feel different from anybody else, you better keep it to yourself because if you do not you are out of place." When asked how much his sculptures would cost he said, "I won't even go through them all because all of them are over thousands of dollars." When Felix was asked who were his biggest buyers he said, "Well my biggest buyers are museums, hotels, and different buildings that use them to put them in their lobbies." All of the sculptures that are made by Felix are made of the most expensive wood, which is ebony. "It is very good wood, and almost anybody that is sculpturing usually uses this wood, especially those who are in the business, like myself," Felix stated. Felix is married and his wife is

going to school in the United States. She is working on her degree. Felix said, "I did not come to this town because of my money. A small town seemed to be a good place for me at the time. And of course I think that I made a wise decision." Felix also said that he loves this country very much, and he would be very glad to return home his family go along with him, and his doctor, and he would be a teacher. When Felix came to Washington High School he had just graduated from one of his exhibit at the Museum of Art. His last statement was that he was glad he had come to this town because he liked to see children interested in sculpture. He said they had been a very good teacher.

Seniors

Officers chose

I never thought I'd really be elected. As for the campaigning there wasn't any because it was hard to get people's support." Those were the words expressed by senior Doug Sims after winning the election for class president. The officers of the senior class are Willie Carter, vice president; Judy Brown, secretary; Denise Johnson, treasurer; Jeff Finley and Regina Maxey; sergeant-at-arms. When asked what was his main goal, Doug commented, "I want unity and class spirit within the senior class." Doug plans to take things as they come and as sug-

gestions are offered for seniors. He wants to do it to benefit the class of 1978. The date for the officers' meeting has not really been decided yet, but the first step will probably be to form a senior class committee. Since Doug is the president of the class he will need all the help he can get. The additional help of the executive committee will be of great help in the struggle for unity. One definite project planned is to help the junior class plan the prom. As for other things they are still in the planning stage.

Art

Feelings expressed

Art is more than sitting in a room day and night painting pictures. It is a way that people express their feelings on life, and

diagram artists association. Perhaps sponsoring other art festivals are some of the things planned for this year. The

PICTURES ANYONE?

The 1974 POST staff was small but very much involved in the production of this yearbook. Many other people became involved and their advice and assistance was greatly appreciated.

Beginning with the FANTASTIC Printing Department, under the direction of Mr. Barrett and Mr. Mendel, thank you for a SUPER job of printing the POST.

Also much credit goes to Miss McConnell of the Art Dept.; Mr. Seeburger of the Industrial Arts Dept.; Mr. Juhan, Principal; Mr. Dobbs and Root Photographers. Our appreciation also to Mrs. Maloney of the English Department for having her senior English class write themes on Unity and Mr. Bowers' senior Art class for submitting cover designs. James Prides' design was selected.

To the entire student body and staff, we say Thank You for your excellent cooperation in getting pictures and a record of this year, 1973-74 at GWHS.

KNOWLEDGE

Students display talent in art

Art means many things to many people. It gives you an opportunity to express yourself in a variety of different ways. It may be still life oils or maybe something entirely new and different. This year the Senior Art classes were involved in a new project—designing a cover for the 1974 POST. James Pride designed the winning cover

One of the popular courses offered by the Art Department is Craft Arts. New students find this class very interesting with the variety of projects offered. Pottery proves to be an old time favorite that students never seem to tire of.

Jewelry is also a popular course as students are able to design and wear what they make.

JUST A SHORT THEME — 1500 WORDS....

A fifteen hundred word theme doesn't sound like fun or a short assignment, but with English that's the way it is.

The department had many new books for use in the classroom plus interesting novels which were used as supplements. Did someone say they knew the definition of rental? One should always be surrounded by good books.

Michael Wearren: "Man—It's like this."

Mrs. Valentine: "Now John, you know that word is hysteroneurasthenia!"

SMILE—IT'S SHOWTIME

New cameras were added this year to complete the Video Tape units. They were operated by students under the direction of Mr. Larry Todd and Mr. John Rhoades.

Another addition was the copy machine which was made accessible to students as well as teachers. It helped students in gathering extra research materials themes and papers.

"If they get these books much lower we'll have to go down another floor to get them."

"WOW---It sure has been a rough day."

Have you ever had that boxed in feeling?

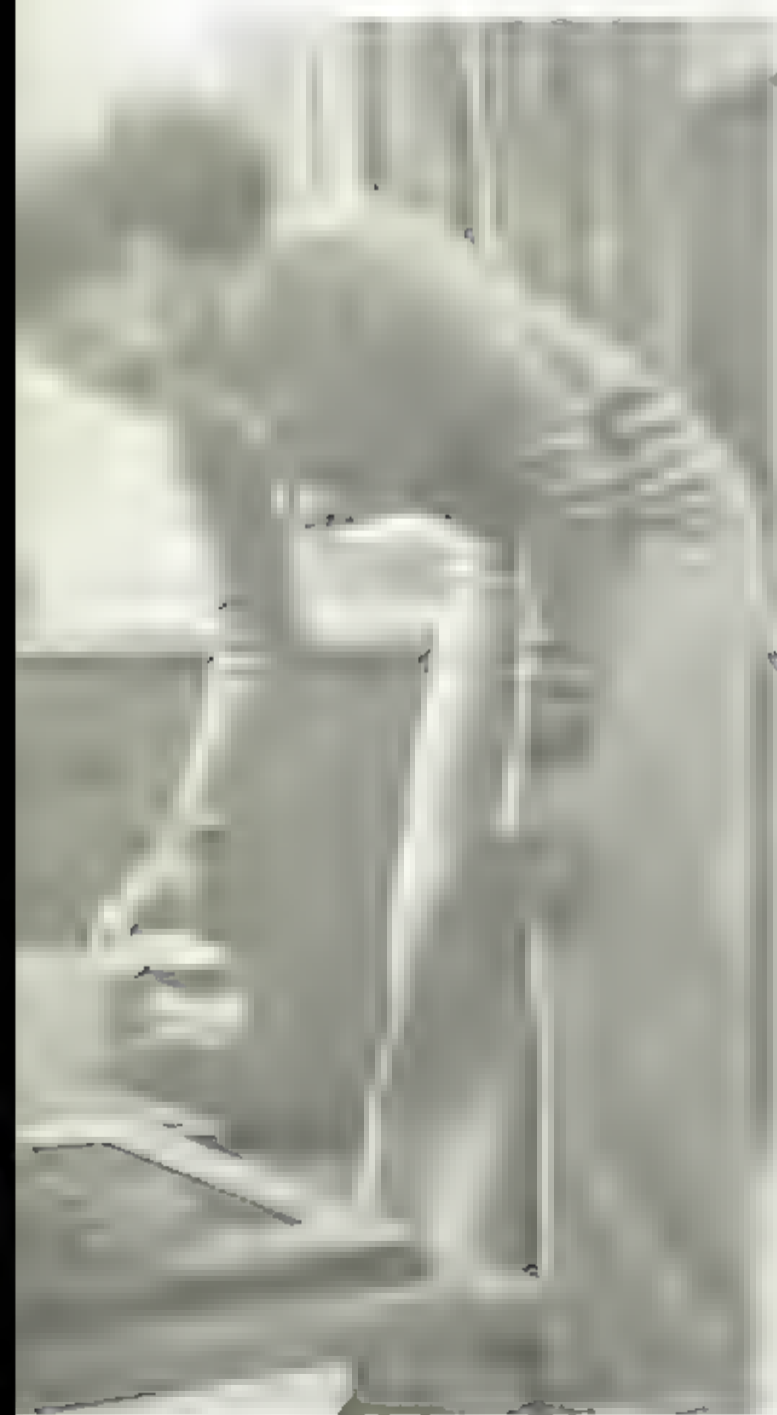

A HOMEMAKER WHO? ME?

With the many classes offered at Washington, classes offered by the Home Economics department are probably most enjoyed.

The Foods classes learn all about preparing meals. A few students are permitted to take a special class at Wood High School.

In Clothing and Textiles the girls are taught a variety of things that range from re-doing children's clothing to making coats.

Other classes offered by the department include family living and a class on prenatal care called Child Development.

I'M SO HARD TO FIT

GOVERNMENT FOR THE PEOPLE...

Every senior experienced the trials and tribulations of figuring ones taxes. Short form, long form, deductions, all within the realm and grasp of the working world and the senior.

Where have we been, and where are we going? This topic was the subject of many discussions for Juniors in U. S. History.

Psychology gave students insight into the question, Who Am I?

Indiana History opened students eyes as to the great number of manufactures in our state and what they offer to the nation as a whole.

World History and Citizenship classes are most often filled with eager young Freshmen yearning to learn about the world—both past and present.

Right: "Do you suppose I'll ever see the world?"

Lower Right: "He never calls on me when I know the answer."

Lower Left: "Those right wingers, doesn't he realize I'm a lefty."

TRAIS.

BUSINESS IS EVERYDAY LIVING

The Business Education Department emphasizes living in a business-money orientated economy. This enabled students to become more independent and self-sufficient.

One of the most popular courses is typing. Typing is basically a skill course. It was invaluable to students who planned to attend college upon graduation.

General Business, Business Opportunities, Data Processing, Business Law, Merchandising and Sales gave students exposure to the Business World. These courses provide information as to how the Business World functions, and also, the role of the student as a consumer.

Lower right: Looks as if Linda Bingham made a mistake.

EXPERIMENT WITH SCIENCE

Classes offered by the Science Department include Biology, Chemistry, Physics, Physical Science, and Earth Science

Biology class experiments range from studying one celled animals with microscopes, like the ameba, to the cutting of complicated animals, such as fetal pigs.

Chemistry deals with the composition of matter and uses various chemicals

Head of the department is Dr Gilbert Turpin.

CALCULATORS AID IN SOLUTIONS TO COMPLEX PROBLEMS

This year the Math Department received money to purchase calculators. These calculators were put to good use by teachers and advanced students.

There are many classes to choose from in the department. Perhaps, the most interesting class is Unified. Unified Math prepares students for college with calculus and trigonometry. Mr. Robert Badgley is Head of the Department.

INTRODUCTION TO INDUSTRY

The Industrial Arts Department added a new program this year to be offered to all in-coming Freshmen. The program, "Introduction to Industry" enabled the boys, through experience, to select a course of his interest, by rotating him through six various fields of Industrial Arts. Six weeks are spent on each field.

As usual, the Linotype classes were kept busy during the year with the task of printing the Surveyors and the POST.

Other classes offered by the department are Carpentry, Metal Industries, and Electronics

FOR SECOND STRAIGHT YEAR GIRLS TRACK TEAM TAKES CITY TITLE

For two straight years the Girls Track team took the City Title. The team, breaking five records set in 1972 had an outstanding showing by Paula Williams, setting a record in the 440, Donna Pope, a new record in the long jump, and Debbie Quarles set records in the 100 and 220 yard dashes. The other record breaker was the 440 yard relay team. The team was composed of Toni Payne, Joette Bailey, Willie Carter and Debbie Quarles.

With the help of their team members, they outscored their closest opponent by 45 points.

Middle: Paula Williams passes off the baton to Kathy Gaddie during the 440 Relay.

GIRL'S TEAMS HAVE UPS AND DOWNS

Sports for girls began in the fall with Volleyball. Though the girls won several games, they failed to win any matches. Leading servers were Mildred Sprowl, Gertrude Springfield and Debbie Quarles. Spikers for the team were Joette Bailey and Gertrude Springfield. Girls who best set up the balls were Sandy Downs, Patricia Cole and Janice Jones

Girls Basketball was a success. Their season ended with a record of 7 wins and 1 lost. Most valuable players for the team were Carol Grace and Toni Payne. Other starters were Debbie Seib, Donna Pope and Dorla Williams

Senior Toni Payne demonstrates her style in making lay-up shots and points

GIRLS BASKETBALL—Row 1: Janice Jones, Carol Grace, Donna Pope, Debbie Seib, Toni Payne; Row 2: Coach Mary Benson, Ada Logwood, Priscilla Bush, Bonita Thomas, Dorla Williams, Becky Long, Naomi Logwood, Brenda Bowman, Coach Janeen Walker. The team had a very successful season from the beginning

1974 GIRLS TRACK TEAM LOOK BEYOND CITY TITLE TO FIRST STATE MEET

Girls sports are fairly new to Washington, and with wide interest from the girls, the various sports have gained in participation and enthusiasm.

Because of past successful seasons, the girls received new uniforms along with sweat suits.

Also new for the girls were the Sectional, Regional and State meets.

Sophomore Bonita Rice shows good form as she prepares to kick over the high jump bar during warm-up before the meet.

Junior Junco Kathy Gaudin, Paula Williams and Debbie Quarles, take a trial run over the hurdles.

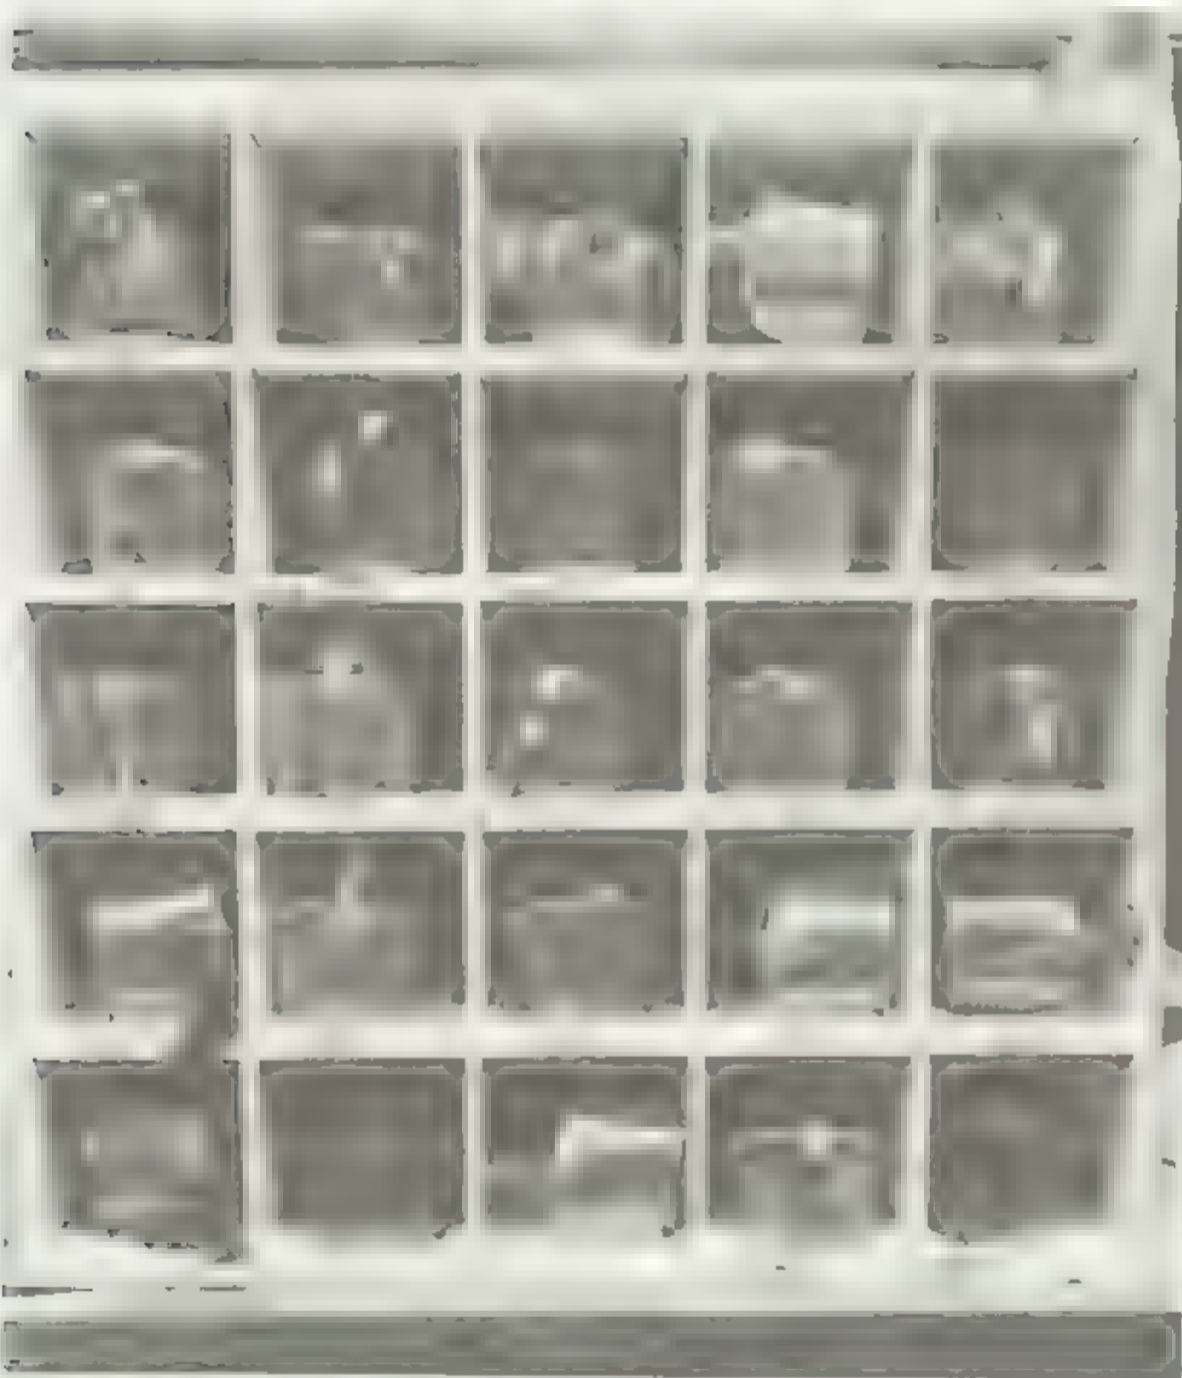

It was a good season for Senior shotputter Yvonne Hefan

Junior Donna Pope makes a smooth landing while practicing the long jump.

INDIVIDUALITY

IN MEMORIAM

DR. JAMES H. OTTO

Head of the Science Department and Biology Teacher 1934 to 1972

Dr. James H. Otto, distinguished member of the faculty of George Washington High School, eminent biologist, illustrious scholar, renowned author and master teacher was the victim of a fatal heart attack October 11, 1972. Mr. Otto left his mark on George Washington High School in almost every phase of Continental life. He loved young people and used his favorite subject, BIOLOGY, as a means of motivating and inspiring students and their teachers.

He took special interest in the total school program and was extremely appreciative of the extracurricular program. His interests included athletics, mus-

ic, speech, art and, in fact, all events that the school sponsored. Mr. Otto's influence reached biology classrooms throughout the United States, Great Britain, Brazil, Italy, and the Philippines. He was the author of *Modern Biology* and *Modern Health*, high school textbooks widely used both here and abroad.

Students of tomorrow missed an opportunity to be in the classroom of a great teacher and to know a great humanitarian. He was a friend of every student. The 1974 POST salutes Dr. James H. Otto. He will live forever in the memory of those with whom he came in contact.

Mr. Cloyd Julian, Principal, handles the incoming mail.

One of the many tasks of Mr. Tom Rosenberger, Vice Principal, is the handling of teacher and student schedules.

WHO GOES WHERE, WHEN KEEPS STAFF BUSY

DO YOU HAVE A PASS? WHY ARE YOU LATE? NOW HEAR THIS

Students at GWHS hear the above words many times during a school year.

Administration and Staff alike present learning as a challenge to students in the classroom as well as providing learning experiences through convocations, plays and special programs.

Assisting the administration and staff with student behavior during 1971 was Acting Dean Ralph Poehls, and Dean Laura Lyons.

Because of a close working relationship and a qualified, friendly staff GWHS adds to its crown the class of 1971.

Mr. Leon Hunt, Vice Principal, discusses the plans for a much needed addition with Joyce Houston of the Planning Commission.

NICE PLACE TO WORK & GO TO SCHOOL DUE TO EFFICIENT PERSONNEL

Mrs. Nellie Brown, Social Services, displays enthusiasm as she assists students with routine problems.
